**Remarks**

The claims have been amended to provide further clarification, and a new claim has been added to provide adequate coverage for Applicants' contribution to the art. Claim 11 has been canceled. The subject matter of Claim 11 has been incorporated into currently amended Claim 1. The amendments are clearly supported by the original disclosure, and no new matter has been introduced.

Applicant requests a reconsideration of the present application in view of the foregoing amendments and the following remarks.

The Examiner has objected to Claims 11 and 15, but has stated that the claims pertain to allowable subject matter. In view of the amendments to claims 1, 15 and 17, it is believed that the currently presented claims are in allowable condition.

The prior art of record and not relied upon has been considered pertinent to Applicants' disclosure. It is readily apparent that such art does not disclose or suggest the invention called for by Applicants' currently presented claims.

For the reasons stated above, it is respectfully submitted that all of the currently presented claims are in form for allowance. Accordingly, reconsideration and withdrawal of the Examiner's actions, and allowance of the currently presented claims are earnestly solicited.

Please charge any prosecutorial fees which are due to Kimberly-Clark Worldwide, Inc. deposit account number 11-0875.

The undersigned may be reached at: 920-721-2435.

Respectfully submitted,

MOSHE SARAF
